

WELCOME TO BUSSELTON & NANNUP

Discover a corner of Australia's South West where turquoise waters meet towering forests, winding country roads and some of Western Australia's best cycling terrain. From the shores of Geographe Bay to the ancient forests of Nannup and Pemberton, this is a place to ride, explore and reconnect with nature.

TOP THINGS TO DO IN THE REGION

- **Ride through towering karri forests**, with an incredible network of gravel roads and trails winding through the Southern Forests, including the world-renowned Munda Biddi Trail. This is gravel cycling at its finest: from fast-running, hard-packed gravel forestry roads to open rolling farm roads, to 'green room' trails that snake through native forests.
- **Discover Busselton Jetty**, stretching 1.8 kilometres into the turquoise waters of Geographe Bay. Walk or ride the jetty, then dive or snorkel the Busselton Jetty Underwater Sculpture and Artificial Reef Trail, home to more than 100 species of marine life.
- **Take to the water** for swimming, kayaking, stand-up paddleboarding or a scenic cruise across Geographe Bay, where calm waters and spectacular sunsets make it easy to wind down after a day on the bike.
- **Slow down in Nannup**, a charming country town surrounded by forests, rivers and rolling farmland. Explore local galleries, cafés and artisan stores or set off on one of the region's scenic cycling and walking trails.
- **Explore Pemberton's ancient forests**, where some of Western Australia's tallest trees create an unforgettable natural cathedral. Ride or hike through the forest, discover waterfalls and take in panoramic views from the region's scenic lookouts.
- **Refuel with the flavours of the South West**, from cool-climate wines and local produce to farm gates, cafés and long lunches showcasing the region's exceptional food and wine.
- **Float among the forest at Pemberton's Floating Sauna**, combining sauna and cold-water immersion with the peaceful beauty of the Southern Forests – the perfect way to recover after a day of riding.
